More Treasures Than Twitter, Are Now At Your House 24/7!

June 09

Dear Faithful Supporters,

I find so many Christians are getting frustrated with cable 'news' that gives no answers, assurances, peace, protection, or provisions. But on the other hand what pure joy to see God's harvest as we put our plows to God's field of souls, here in Uruguay and where you are also.

Some Christians excited about our ministries have added their talents and burden to our team with a 21st century website that's sure to be a blessing to we laborers and those souls lost in sin and despair.

Aim your computer browser to **bbfi-southamerica.org/parnell** and hold onto your hat. The people at EVANGELISM COMPUTING say they love missionaries and those that partner in missions. They've proven it by reengineering our web site. It'll soon be brimming with blessings to bulletin-inserts. This and previous Praise Letters are downloadable at our site.

We have been busy since our arrival in the United States on the 15th of April. We have a full schedule of meetings. You Pastors and your churches have been a special blessing to us during this furlough. We appreciate your friendship very much. Both Glenna and I are tending to health issues. We

ask for your prayers while we are trying to restore our health, just the normal routine fix-it jobs. Jesse is having a brace made for his ankle. We are praying this will ease a little of the pain.

We are really looking forward to Glenna's family reunion on July the 3rd and 4th. We are asking God to help us minister to family members.

We have a new video of our ministry and will be sending that out to those churches very soon, we will not visit on this furlough.

We have been getting good reports from the pastors and friends in Uruguay concerning the ministry.

I would like to mention about our car we are using. It is a 05 Chevrolet Malibu with a 4 cylinder engine. It has been a very good car for us. We will need to sell this when we leave at the end of September. We will sell it at a very reasonable price. It will have around 100,000 miles on it. It would make an excellent school car. Please, contact me on my cell phone if you are interested.

Prayer Requests:

- The work in Uruguay in our absence
- Traveling mercies
- Ministering to the churches in the States
- To sell the car

Praises:

- Money being raised for camp and other projects in Uruguay
- Blessings people have been to us.
- Evangelism Computing for building us a new Web-site.
- Time with family

This '05 Malibu image is only similar to ours.

Your fellow servants,
Jesse and Glenna Parnell
